What is Arts Award Discover?

Arts Award Discover aims to encourage learners to develop a basic understanding of a range of art forms, to commit to taking part in arts activities, and to develop a basic understanding of communication. Learners do this through identifying that a range of art forms make up the arts, taking part in different arts activities, finding out about artists and their work and sharing their arts discoveries with others. They create a personal arts log (portfolio) to record their experiences in a format of their choice.

Why do Arts Award?

The Arts Award qualifications are designed to inspire learners up to the age of 25 to grow their arts and leadership talents. Most of all, they aim to support and encourage learners of all levels and abilities and from all backgrounds and cultures to engage and participate in the arts.
